

Nylon Tube

NY Tube

Ordering Code: **NY** **8** × **6** - **B** - **100M**

Model code: NY Tube
 Tube dia OD: 8
 Tube dia ID: 6
 Tube color: B
 Tube length: 100M
 200m/roll:(4mm,6mm)
 100m/roll:(above 8mm)

Applications

- Pneumatic system, air tools
- Vacuum
- Automation
- Plant Instrumentation
- Paint supply Lines
- Construction applications
- Motion control devices

Specification

Model	NY
Working Medium	Compressed air
Working-Pressure	0~1.0MPa
Service temperature range	-40-90°C
Durometer	80-92 Shore A

Feature

This kind of nylon tube, which is available in many colors, shows best pressure resistance and can be used in high-pressure environments. Its excellent chemical, oil, and heat resistance result in a much wider range of application.
